

Yorkie Poo

Location **Missouri**
<https://www.genclassifieds.com/x-502471-z>

2 year old female kind and gentle. She obeys very well and is use to cats and dogs. She is up to date on her yearly shots and rabies shot. We live in the country and I am tired of picking ticks off of her when she follows my husband in the woods. She is playful and wants to play with our goats but they just look at her like leave me a loan. She does not bark unless it is night and she hears an unusual noise outside. I had to cut her hair down low to make it easier to find ticks on her so she looks funny but when it is longer it is a very beautiful tri color coat. Re- home is .
