

1962 Corvette Black Seat Belts, Original (225 USD)

Location **New Jersey**
<https://www.genclassifieds.com/x-502566-z>

Here's a set of used original black seat belts for 1962 Corvettes. These are used originals and show wear and some corrosion on the male buckles. They have the correct 4 panel webbing which is still soft, not all dried out from sun and water exposure. The webbing has not been cleaned yet so they will look even better after a light scrubbing with a soft brush and some detergent. The female buckles are marked "Irvin Air Chute Co." Model IC-5000 which is correct for early 62 cars up through serial number 2500. The male buckles were painted black by the previous owner which covers some corrosion. Remove it or leave it. Also included are the original hambones (stamped ID54-300) and tensioners so they can be installed as is for a survivor or Bow Tie car or have them restored for show. Usable original seat belts for early Corvettes are hard to find anymore. Pick up in Toms River or ship at
