## PS VITA AT&T 3G Wi-Fi System Bundle

Like New with original packaging and lots of extras. System is in perfect condition. Its been used very lightly over the last few years.

1. Comes with screen protector installed. + 2 new screen protectors.
2. Black Rubber and clear plastic fitted system protectors.
3. Official Sony PS Vista Zippered travel pouch + Box.
4. Plastic case to hold games and or memory cards.
5. 16Gb memory card and a new 4GB memory card.
6. Charger and 2 extra new data cables.
7. Final Fantasy X remastered plus unused download code for FFX-2 Remastered. and case.
8. AR cards are included (unopened), along with original vita booklets.

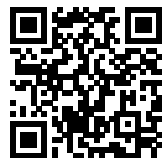

I'm looking to trade this system bundle for a newer model Xbox 360 Bundle. I'm only interested in very good condition systems or better. System must be 250Gb or larger. 2 rechargeable Microsoft brand 360 controllers. All necessary cords and connections must be included. As far as games go I'm flexible but there should be some included. (no kids games, no dance games. Original game boxes and booklets are a must. Disc's must not be scratched up.) Original system / accessories packaging not required but is a plus. My vita doesn't have animal odor and your trade shouldn't either.
