Ok so ive been working in the field for quite some time. Was taught the pool industry by some very smart people and since then have really taken off with my ridiculous prices, punctuality and all around excellent service. I will open/close any above-ground for \$100 and most inground pools for only \$120. Below is a picture of myself and some of the more extravagant pools I service. My service calls are only \$75 per hour compared to the industry standard of \$150 - \$160 per hour. I have an account with the distributors so i can get you any pump, filter, salt generator, heater etc for a better price GUARANTEED than anyone else. I do A LOT OF INSTALLS. I run maintenance (Vacuumings/chemicals etc) so we're always looking for another account. We offer most likely the lowest price in Long island as far as an established company is concerned. If you need a new pool guy that you're guaranteed to recommend to a friend then you've just found him in this ad. I don't drink or do drugs as most people do in this industry. I'm very reliable and highly organized. My name is Garrett and i will be happy to simply give you advice, walk you through an issue or come out to your house for an estimate if need be :) Im looking forward to another great summer and i hope you guys are too. Feel free to call me at

Ill be looking forward to hearing from you :) Have a great...
