I'm looking for the rest of a band...I Sing, Write and play rhythm guitar...I'd like to have a country rock/folk rock feel similar to the Eagles, Poco, Decemberists, Dawes...etc...I'd like to cover those bands and more, but also write in the same vein...I want heavy harmony and a group of people with small egos and a drive to play out...I'll need a drummer, bass player, lead guitarist and wouldn't mind banjo, steel guitar, mandolin etc...email me if you are remotely...
