U have a 55 gal saltwater tank. 1 female adult clown, 2 engineer gobies, air pump, filter (that need to be cleaned and changed) lots of sponge, snails, crabs, mushrooms, calurpa. Tons of sand and rock. Looking to sell all of individually. Have been super busy and have let it go a bit.... need some work but is a very good tank. Does not come with coral light as I am using it in the future. But will come with a hood with normal lights. Make an offer and shoo me a text.!
