I need a crew of men to unload a semi trailer full of wood and wooden structures this Sunday, June 14. The job will start at 7:30 am and will probably take until about 5:30 in the evening. You must: have your own transportation, be able to lift 50-100 pounds, be able to work all day until the job is complete. Pay is \$10 an hour cash and you are guaranteed to make \$100 as a minimum, even if we finish the job early. Please TEXT me if you would like to be on the crew and I will give you the details. Thank.
