

Affordable Lawn Services (Vancouver)

Location **Oregon**
<https://www.genclassifieds.com/x-503082-z>

Our basic, weekly, service would include mowing (bag or mulch), edging, blowing/sweeping, weed control, fertilization, and even more!. We also haul off the clippings, unless of course, you want them for a compost pile.

Additional services are available, such as leaf cleanup, starting a new edge, hedge/bush trimming, over-seeding, aerating, dethatching, and of course seasonal clean-ups (like those weed!), we are just starting the spring cleanups.

Phone calls will get a faster response, but feel free to email us as well, as we check it regularly throughout the day. If we don't answer when you call, please leave a message as we are unable to answer while driving, and most likely can't hear the phone over the equipment. But we will call you back if you leave me a message. If you do email, we find it easier if you also provide your address (or area) so that we can let you know when we can service your property if it is in our service area.

Lastly, please understand that this is a full-time business. We can't drop everything to service your property tomorrow (or today even), in order to keep our costs down and the price down, we have a schedule of certain areas during the days of the week.

Andrew
