I'd like to point out, first of all, that you can always get a hold of me through email or phone. I hear all the time how someone can't get a hold of their landscaper to ask them even the simplest of questions. Second, I speak English. In fact, it's the only language I know, so you won't have any language barriers with this company. Everyone with me also speaks English, so you can ask anyone a question at any time and understand us.

A few others things to help alleviate the stress of yard work. Your yard will be done on the same day every week. Gates will be securely closed behind us when we are done. We will talk with you about concerns we have about your lawn (thatch, compaction, sprinkler needing alignment, etc).

For about \$30/week, our Standard level of service would include mowing, edging, blowing/sweeping, weed control, fertilization, and even more! I also haul off the clippings or mulch them into the lawn. We don't use your bin, so you can save money there too!

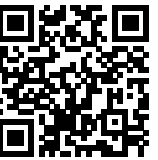

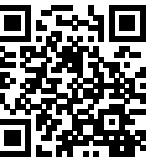

Additional services are available, such as starting a new edge, hedge/bush trimming, over-seeding, aerating, dethatching, and of course seasonal clean-ups, we are just starting spring cleanups.

Phone calls will get a faster response, but feel free to email me as well, as we check it regularly throughout the day. If we don't answer when you call please leave a message as we're unable to answer while driving and most likely can't hear the phone over the equipment. But we will call you back if you

leave us a message
