All-Custom-Carpentry specializes in second story additions and has 25 years experience in the construction industry, commercial and residential. As the owner, I am also a master carpenter by trade, with extensive hands on experience in 6 other trades as well. Ceramic and stone, high end kitchen and baths, plumbing, drywall, unique custom staircases, architectural features, multi level maintenance free decks, waterfalls and more.

All-Custom-Carpentry has excellent references and a dedicated, experienced and courteous crew of licenced trades. We have designed and constructed over 40 second story, third story and side additions in the G.T.

We will supply drawings, permits, and work from your house.

We will direct you through the process of doing an addition. from design stage to final completion. (I can also show you how you can save \$\$\$ by contracting out some of the work yourself if you are interested) Fully insured, WHMIS, WSIB

Email us with your ideas or plans, and have a beautiful finished addition to your home! You are invited to come and view some of our recently completed additions! We are proud of our work and it shows.
