I am looking for hourly workers! I am NOT looking for contractors. I WANT PEOPLE WHO WANT TO WORK! If you call and say you are wanting to work and I tell you to come on in as early as that day, show up ready to work! I need people to demonstrate that they are serious about wanting to work and have a steady job! I am in need of skilled and experienced framers and labor with construction knowledge. We have a lot of work and can offer steady work and pay. I am looking for hard workers who take pride in the work they do, as it is a reflection of my company. We offer competitive pay and pay more for those with their own tools. You must have reliable transportation and not call out of work at the last minute. We are very busy and need dependable people. I am looking for people who take pride in their work, and that will represent my company well! I do not want people where I have to go back and fix the work they've done. I am being bluntly honest because it has been hard to find people that do what they say they can do. If you are fair and honest in your work, I will be more than fair and honest with you!

I look forward to hearing from anyone ready to make a good living with a great company! Call!
