TROPICAL BIRD RESCUE (Lexington)

Tropical Bird Rescue. Big Birds, Small Birds all are welcome. Special needs or handicapped birds are also welcome. From babies to the elderly. The pics you see are some of the sweeties we have taken in to our family. We do appreciate bird feed donations and fencing or cage type materials, so we can continue building more large enclosures to house them and so these beautiful birds can do what they were designed for, flying. Our ultimate goal is to open a free bird exhibit for school field trips. Call Vern at

Note: I do not sell, trade or breed, please do not call and ask me to sell you birds. Thank.
