

substitute teacher wants to care for your child for the summer

Location

South Carolina

<https://www.genclassifieds.com/x-503538-z>

I'm a substitute teacher who would like to care for your child during the summer months. The child's age range should be between 5 yrs old and up to about 13. I'm not about staying at home, I'm about fun activities with the kids for the summer. There are so many places to take kids during the summer to have fun because no child wants to stay indoors unless it's a gym or skating rink. My pay would be a 150 a week plus whatever activity and food your child eats out. I'm very good with kids and would love to be busy this summer with yours and my 9yr old son. My pay includes gas it would take to drive the child around for activities. please call me at if interested. Sincerely Ms. Conyers
