We have had this piano for about 14 years, but no one in our household plays.

Size: height: 43 inches, width: 56 inches, depth: 22 inches. I think it's the mahogany finish.  
 Includes bench.

According to the Samick website (<http://www.smc pianos.com/products/js143t/index.htm>),  
 Choose from the bold grain of the Mediterranean in golden oak to the soft curves of the French provincial, or perhaps you prefer the stately look of the traditional in rich mahogany. All three
