

# Welding and Metal Fabrication (Brookfield, WI)

Location **Wisconsin**  
<https://www.genclassifieds.com/x-503876-z>

My name is Ryan. I am certified in Welding, Metal Fabrication, and Machining.  
 I can weld STEEL, STAINLESS STEEL, and ALUMINUM.  
 I can MIG, TIG, or STICK WELD.  
 Will fix many things such as tractors, tractor buckets and shovels, lawn mower decks, log splitters, snow blowers, trailers, railings, some automotive and exhaust, furniture, and most things made out of metal.  
 I will travel for most jobs and weld on site if necessary.  
 I specialize in set-up and repair, skilled in reading blueprints.  
 I also do some custom fab work, reasonably priced.  
 I can also do Plasma and Acetylene cutting.  
 Please contact me at METALFIX.
