I bought this kit for my sons 03 focus to soon, thought he had a bad head gasket and didnt and i lost the receipt to take it back, so i am selling it to someone that may need it and cheaper then the parts store.

Its the complete head gasket kit and head bolts for \$120 obo, the kit by it self is \$140 and the head bolts are \$32, so that is a great deal. They are for Ford Focus 2000-2004 2.0L SOHC and Escort 00-02

I dont need them so take them off my hands for \$120
