

Adult video casting call

Location **Arizona**

We are looking for women that love adult play and that have always wanted to try an adult film. We pay cash on the day of filming and these films are for a LA based adult film company.

You must be over 18 and be able to provide proof, no STD's, no drugs of any kind are allowed on set.

This process is simple, you send us an email with what you would like to film and what you absolutely will not do, along with at least 5 recent pictures.

Then we email you back and set up a time for a public or private interview (your choice). After hammering out all of the details for the scene we will shoot....then we document everything and then film that following Saturday.

It really is that easy.

One line responses will not be taken seriously, it is a waste of my time. Please respond with a 5 recent pics (within the last 30 days) and your list of do's and don'ts and we will take it from there.
