

Wtb seamstress for custom scrub top (Anchorage)

Location

Alaska

<https://www.genclassifieds.com/x-504159-z>

Looking for someone to sew a medical scrub top for me. Must have serger or some other way of sealing seams. I am potentially looking for someone to hire to sew for me quite a few scrub tops in the future once I see how well your work holds up. I will provide the fabric if you can provide the other materials. Must be able to sew for 2x women's size. I would like a two pocket front top and I would prefer a top with darts to accommodate my bust and waist rather than a plain boxy unisex scrub top.

Please let me know how much you charge in your response and send me pics of any previous work you've done if you.
