We are offering an in law suite/basement apartment with a private entrance. There is a private bathroom, bedroom and living room, all fully furnished. A full size fridge and microwave is included. There is a yard, pets are approved on a case by case basis with a pet deposit.

again==> You would have your own room (with 2 closets!) and your own bathroom.

Amenities include a fitness and business center, pool, and courtyard with grilling units. The living room is furnished, however, you would need your own bedroom furniture. The kitchen has black appliances and is great for entertaining.

I'm looking for someone ASAP. Only serious inquiries please.
