I'm a singer/songwriter looking for a drummer and bass player to form a band to play live around town and possibly tour if we get the chance. Folk-Rock, Blues-Rock, Some covers, but mainly originals.

I'm also open to the idea of having an already formed backing band like Tom petty and the Heartbreakers, Neil Young with Crazy Horse, or Bob Dylan and The Band

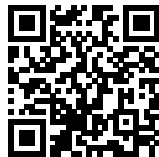

Some influences: Bob Dylan, Neil Young, Jeff Tweedy(Wilco) - Mermaid ave. album, Tom Petty, early Van Morrison, Cat Power, Rolling Stones, The Band, Ben Harper, Elliot Smith, Damien Jurado, Lou Reed, Father John Misty, Johnny Cash...

I'm looking for people who are dedicated and motivated that play music because it's your passion, not only for the money. Preferably people in my age range in their 20's and 30's and who have a flexible schedule to perform.

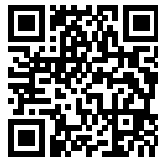

If interested, send me an email and we can meet up and jam and see were it leads. If you have a link to your demo, send it.
