Hi this is probably a long shot but thought I would try it. I am looking for my old dog rowdy I had to give him away may 2013 because my apartments didn't allow dogs but I am now living some where that does. I would really love to find him and hopefully get him back he wasn't just a dog he was my husband and daughter best friend. Please if you have him can you please write me or text me. I have a picture but it was when he was 4 years old and he's about 6 years old now.

Thank
