Hello everyone, my name is Allison and I'm a 32-year-old mom to a beautiful 3-year-old girl. My little girl loves to play with other kids and I enjoy watching her engage in activities. I love doing crafts with kids of all ages and I have a great amount of patience. Prior to my daughter, I have almost 20 years experience watching children, including special needs. I waited for so long for God to bless me with my own baby and I completely understand how hard it is to trust people. If you choose me as a caregiver I will treat your child as if he or she was my own.

I'm completely flexible on my days but only 3-4 days per week. I'm willing to work out a low hourly rate or affordable flat rate. I am CPR/First Aid certified and references available upon.
