Hello!

I'm a 17 year old high school student looking for a full-time or part-time overnight sitting job! I am currently attending school online therefore making my schedule fairly open and flexible. I can also do date night care if needed! I am also First Aid/CPR certified by the Red Cross. I love to keep kids engaged in productive crafts and games! I am looking to start a full-time schedule with one family when I return from Seattle on May 22nd. Although I do not drive, I can care in my home or yours and if you also need work around the house done I am always open to that as well! I have worked with the company Wedding Sitters & Events by Charity on occasion when they need an aid. If you need more references or just have any questions please feel free to contact me by text or email! Pay is flexible based on each individual families needs and I understand that some people don't have the funds for babysitting so please don't hesitate to contact as I work with everyone! So if you are needing a new full-time nanny/babysitter I hope to hear from!
