Location

**Alaska**<https://www.genclassifieds.com/x-504349-z>

We are looking for a furnished cabin with electric... electric is a necessity and requirement, water is not as long as there is a place close we could get water. We would like a nice view... both me and my other half have lived many years in Alaska and know what we are getting into. We both have very small house dogs who are house trained. We can pay 6 months up front... we are willing to listen to any.
