My family and I are looking for a place to stay for the month of July. We are just a man, woman, and dog. We aren't looking for anything too extravagant, just something to hold us over for a month. We are moving from the Seattle area to finish school and professional progression. We are very fortunate and blessed because we have been awarded essentially a free house in West Fork from the wounded warrior project. The unfortunate aspect is that they changed the move-in date from June 26th to July 28th. Needless to say we still have to be in NWA on the 26th because of preparations and professional appointments we've already made. If you or anyone you know is looking to rent something out for us for a month, that would be a huge blessing. Thanks!
