

2010 Pontiac Vibe 4x4 (9100 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-504582-z>

2010 Pontiac Vibe 4x4
95,000 miles, excellent condition

Pontiac Vibe is 85% Toyota parts; it is the same as a Toyota matrix. It has a Toyota Corolla engine and transmission which are bulletproof and will last forever.

Comes with brand new studded winter tires.

Power windows/locks. Cruise control. Traction control.

Never been in a wreck, very well cared for. This car was used to drive between Kenai and Anchorage since it was new so all of the miles are highway miles and this is why the mileage is a bit high for a 2010.

28 mpg

Doesn't have the head gasket issues of a Subaru and is more snow/ice ready than a Honda or Toyota car.

Call/text My name is Tyler. Text.
