If you are looking for a "home away from home" for your dogs while you are away, you have found it. You will be able to enjoy your trip, knowing that your dogs are safe and happy here. We have always owned pets, and have over 10 years experience working closely with Rescue Groups in various areas, and have fostered over 125 dogs and puppies of all ages here in our home since 2005. We are a mature couple with no children, only our pets for enjoyment. We do not smoke or drink. We have both dogs and cats of our own, so your pets will get plenty of playmates to socialize with.

This home is set up to be a dogs paradise. Your dogs will be to free roam both our home and our large backyard and will have unlimited access to both. Our large yard is well fenced, which runs below ground to prevent digging escapes. The home is in a very quiet neighborhood.

Board with Us Because Your Pet:

- Will not be caged during its stay
- Will have other pets to play and socialize with
- Will have baskets of toys to choose from
- Will have beds scattered inside and out for their comfort
- Will enjoy the peace and quiet of country living
- Will get plenty treats and goodies (per owners approval)
- Will receive special attention and care daily
- Will contact owner by e-mail or text (including pictures if desired) to update on pets welfare as often as requested

There are many more reasons we can discuss. A pre-boarding visit is recommended.

All dogs must be current on their vaccinations and be spayed or neutered. All dogs must be socialized. Each pet will receive the quality time and attention it deserves. Also, any special medical, behavioral, or special needs will be taken care of by the owners responsible.

Space is limited. Call 222-8383 for rates and more information. Dog services available upon request.
