Dear student of English,

Aloha mai e!

I am a semi-retired literary editor and can help you in any of these areas of the English language:

Pronunciation Vocabulary Grammar Reading Writing

I prefer to meet prospective students for two or three (free) sessions to ascertain whether there is a good student-teacher dynamic between us. If we both decide to continue with the lessons, we would then discuss the matter of fair compensation for my service.

I look forward to helping you.

"Dare to share!"
