Hi,
Im looking for female models interested in collaborating to make some images in photos and on video.
The painting will be done in latex paint so it will have a very shiny look and a bit of a thicker layer than regular paint so when the paint dries it will look like the models are wearing clothes. The models will have to be comfortable being nude but once the paint is on it really is like having something on.
If you are interested please send a current photo that shows your whole body and the number that you can be reached at.
Thanks.
