

Rehoming medium breed dog (Lake Orion)

Location **Michigan**

Need to rehome my dog ASAP - he's no longer allowed on the property he's been living on.

Comes with kennel, food dish, and a bag of food.

Thor

5 years old, Collie/Shepherd/Basenji (?), Male

He's neutered and up to date on Rabies, also microchipped

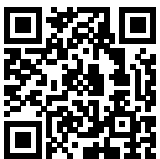

How he behaves around dogs and cats is varying - he gets along great with some dogs and is territorial with others. Cats is the same. Children he's good with, but he's a jumper and sometimes his teeth get in the way when he kisses.

He's never bitten a person, but he has reacted very aggressively toward a dog that was acting the same way toward him. Unfortunately, this other dog was much smaller and was actually very injured from the encounter. He's healed now though.

Personality is protective but very dedicated to his pack - a good example is that he plays with the cat and knows to be gentle and not hurt him. Generally a bit hyper, never shy.

Frightened/spooked by fireworks.

For more information or suggestions on rehoming, please.
