We need to rehome Sully, he's a good kitten..With very cute Markings! He has a beard !!!
He's a great cat with kids and pets hes just a little rambunctious/playful with other cats .He is a "teenage kitten"

He is fixed and micro chipped , he's litter trained and 90% indoor and 10% outdoor You could break him of it before he gets to attached if you want a indoor cat only.

He's been fixed and chipped. ..Asking a fair 40\$ rehome fee...
