1986 Honda TRX125 four wheeler. Runs and drives as is, but does need some work. This is a 4 stroke semi-auto 4 speed with reverse. It has electric start, and pull start back up. It does need some rear brake work, not sure if it's just cables that need lubed up or what. Front breaks work ok. Needs a carb kit or new carb, both are around \$25 on ebay, it currently leaks fuel from the carb. Has a new battery. With a carb kit and seat cover this would be a nice ATV for the kids. \$575.00 OBO call or text. Please no calls or text after 9:00.
