We have a 4 month old female Angora bunny, "Cuddlebug". She's been with us for 1 month and she was 3 months old when we adopted her at the Shepherd's Harvest Festival in Lake Elmo. She is very sweet and pretty and has beautiful long fur - mostly white, some light gray.....

We have 3 dogs and realize we made a poor decision and are now looking for someone who could give her a better home than we have to offer.

We already have all of the supplies you need except for a cage/house/hutch. We have food, bird seed, hay, white bedding, water bottle, food bowl, and a halter vest for taking walks or letting her run.

We're hoping for some reimbursement for the supplies above, \$30.00, but not absolutely required if that would be difficult for you. We want her to go to a good home, preferably with another rabbit and/or someone who can offer her a lot of attention and some room to roam. Please call or email if.
