DoughPro DP3300 PizzaPro Electro-Mechanical Pizza Press with heat

It runs on 110 volt electric and is NSF approved.

The unit is used and will still perform well in commercial establishments. .

This unit works great and is in very good condition - This unit will come with and extra lower platten.

Also - the center button cover is missing - I will continue to look for it! It was just there!!

Asking \$1500.00
