

86 Trans Am amp Firebird Fstrade (1000 USD)

Location **Mississippi**
<https://www.genclassifieds.com/x-505775-z>

Ok I have for sale or trade a 1986 Trans Am complete nonrunning car which has all the original motor transmission and rear end and ground effects the motor ran good a few years back but hasn't been run or drove in awhile it could be started with a new starter and fuel pump the am has a lot of undercar rust issues so it's mainly for parts to make other car a trans am the body is in good condition no rust or dents on other car and would be a great car to build with all of the trans am stuff from the other car both interiors are there but they are a little rough and I also have good titles on both cars and want to keep them as a pair u can text or email me that's the best way to contact me text number is

I may look at trade offers for trade of somewhat equal value and also these are not running and will be projects and have to be towed or trailered thank u for
