2 Female mama cat and her daughter. They Must go. The mama has been kept in the house and is litter box trained. She was dumped here like so many others and there are a ton that come to my house to eat and they are killing me with buying cat food. I need then to go to a good home. I do not have pics and can not get pics, not sure of age b/c like I said they was "dumped" here. The daughter is maybe a year and half old. Please help my wallet and give them a loving home. Thank
