My name is Emmy I am in desperate need of finding a room garage or apartment to rent the room doesnt have to be huge but i do need room for a king size bed and a crib. It will be for me my fiance and my son we are pretty quiet we'll keep to our selves we're clean. we have 2 well behaved dogs. I know it seems like a lot to take in our small family but we are desperate. if you can find it in your heart to take us in for a few months while we get on our feet please text or email me. we are moving down from Montana to be closer to family and friends now that we have our son. I already have a job lined up but having difficulty finding a place to live. Thank you so much and god!
