I have the original version of the Razer Black Widow keyboard. It has some wear as it had been used for quite a long time. Found it siting in my basement and decided to sell it as I have no need for it anymore. This is a great mechanical gaming keyboard(Cherry Mx Blue Keys) and it served me well. If you want to contact me text 6three6-three5seven-6four8five or by email. \*100% FIRM AT LISTED\*
