

Was your bike stolen last year (Portland)

I was in the Old Port Sat and early Sunday and both days I saw a locked up road bike that caught my attention. Older, much repaired, leather seat, red padded tape on the handlebars, blue front tire. Very rusty chain. It looked like it had been well cared for, then abandoned. I think it might be a bike I saw posted here last fall. Contact me and I'll tell you where it is. Include description of the sticker on the top.
