

ScienceDAT Tutor (Biology, General Chemistry, Organic Chemistry)

Location **Maryland**
<https://www.genclassifieds.com/x-505969-z>

I am a recent UMD graduate with a B.S. in physiology & neurobiology. I took the Dental Admission Test (DAT) last March (2014) and scored the 99th percentile (academic average score of 25). My science scores were also in the 99th percentile (total science score of 26).

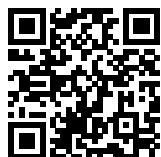

I have been a private tutor for over 2 years, working with students of all ages. I focus on the sciences, specifically biology, general chemistry, and organic chemistry. I can also tutor for the DAT specifically as well as some math.

Feel free to contact me for any questions. Proof of scores is available upon.
