Hi there! My name is Eva and I am so excited to find my forever family! My foster mom has learned so much about me. I am fully crate and house trained. I love to chew on nylabones, antlers, and squeaky chew toys, but I have never chewed on something that was not mine. I am a border collie mix, so my foster mom says that means that I am super smart and full of energy! I'd love a family that will take me on nice long walks and play fetch with me, then let me cuddle up with them on the couch! I currently know "sit" and "paw"; I am working on learning "down", "come", and how to walk great on a leash. When I came to live with my foster mom, she discovered that I can be scared of meeting new people. I am still learning that people are my friends, so please give me a chance to get to know you! Once I know that you're my friend, I will give you kisses and hugs all day. I would probably do best in a family without small children; their quick movements can really startle me. However, I am very treat motivated, so gaining my trust and teaching me fun new tricks is easy! If you think I sound like your perfect new family member, please fill out an application to come meet me!

Adoption fee of \$135 includes her spay, microchip, deworming, vaccines, heartworm testing, and flea/tick/heartworm prevention
