

# Contractors needed for investment houses (Baltimore)

Location **Maryland**  
<https://www.genclassifieds.com/x-506207-z>

Our company is looking for a full-service contracting company to renovate houses in the Baltimore-DC metro areas.

We have been in the business 15 years and buy homes to rehab and sell to homeowners. (aka Flipping Houses).

This year, we are looking to expand the number of houses we buy, fix and sell but need more general contractors who can take on our projects.

The average property we buy needs full updating of all mechanical systems (i.e. plumbing, HVAC, and electrical systems).

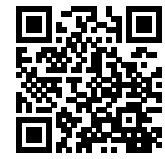

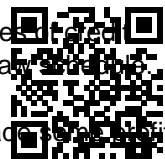

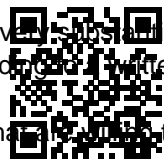

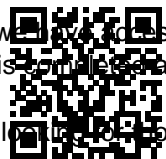

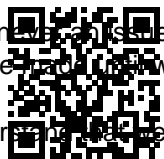

In addition, the houses get new kitchens, bathrooms and (whenever possible) finished basements. Often, we modernize the house layout by deleting or adding walls and creating new rooms. Most houses require new windows, flooring, and in some cases, new siding and a new roof. We provide a detailed scope of work and our standard material list of Home Depot SKUs. The company we hire must be able to complete all work with licensed workers as necessary.

The companies who get our business must have an MHIC license, pull all required permits, pass all local inspections and warranty all work for a minimum of 1 year.

In addition, all insurance, worker comp, etc. must meet generally accepted standards.

The paperwork must be up to date and copies of all licenses (including drivers licenses), must be provided for our files.

Companies will also sign an Independent Contractor Agreement and be responsible for all taxes, etc.

Payment for our jobs will normally be as we have access to very substantial lines of credit.

However, our payments are made and work is completed according to written drawings.

Our company does understand that we are looking for those that are willing to trade some profit margin for the volume of work that we can give you.

We are not interested in those companies that will lowball the first job and then start raising prices for subsequent properties or walk away they can't stick to their original quoted prices.

You must have good references and a track record of previous work.

If you can do good work, at reasonable prices and meet a deadline, we can keep your company fully employed for the foreseeable future so that you will never have to
