

## 98 Buick Lesabre Custom Needs Oil Pump (Baltimore)

Location **Maryland**  
<https://www.genclassifieds.com/x-506211-z>

I have a 1998 Buick Lesabre Custom that needs a new oil pump I already did all the work just need someone to take off harmonic balancer one bolt and put it back on after I swap oil pump. Should be a 15min job because everything except that one bolt is on. If you know how to do it text asap I'm paying cash and also giving my air compressor.
