Our family lost our little grey tabby the night of 06/07/15 at Verona Place subdivision which is located at McMillan and Ten Mile. "Sparkle" is sweet and affectionate. She is also NOT spayed or micro chipped (but is scheduled to do so, however.) We would like to offer a \$50 reward for her safe return as well as any costs incurred while in your care.

Furthermore, if someone was brazen enough drive in front of our house and put her in their car, we are hoping they at least have the common sense to give her the last round of shots and spay her!

XOXO little...
