## Lennie's Story...

Lennie is a male 5 month old red nose Pit bull who's sweet and goofy. He loves to cuddle and snuggle going belly up quickly for belly rubs. Lennie is easy on lead, preferring to lead the way but doesn't lunge, still needing to learn the basics. He knows to sit and really responds to treats. Lennie is interested in toys and wants to see all the dogs coming and going. We think this fellow will do best in a fairly active household that keeps him involved and has plenty of love to share. Lennie would most likely get himself in trouble left alone in a back yard too long without supervision. Stop by and meet Lennie at the rescue any day 11am to.
