Meet Pepik. He is our 3 year old male Russian Tortoise. He is extremely low maintenance and very easy to take care of. He can potentially live to be 50 years old. He is very clean and would make an excellent first pet. He comes with a large tank / enclosure, small shelter, light and calcium powder. He is priced to sell. We are asking \$100 firm for everything (which is an excellent deal if you have had a chance to shop around). Please call or text Dave at (208) 870-8298 if.
