Max (male) and Pebbles (female) are awesome litter-mate pups with good demeanor and are friendly to all. Great with small children. They are 8 months old. Personal circumstance is driving us to have to find a good home for these dogs. They love the water and are bread to be good hunting and family dogs. They have a little bit of hound in them as well. Asking a small re-homing fee of \$100. These dogs are warm and loving, looking for their forever home. They have been together since birth and we DO NOT want to split them up. Please only those who are interested in taking both dogs email with your interest, questions, and letting us know about yourself and.
