This trailer was built tough. The living space was not used. looks brand new. No leaks. The cargo space is well lit and looks brand new as well. It is a 2005 trailer with heavy duty axles. The trailer was purchased by the state to show exhibits at the fairs and was well taken care of. Would make a great race trailer. or toy hauler. 28 foot. 32 with tongue. has a generator plug 50amp set up. I purchased thinking I would use the living space while on the job site. I have not used it. I need another trailer. \$11000 or best.
