

PRModel development firm looking for models (boise)

Location **Idaho**
<https://www.genclassifieds.com/x-506363-z>

I am looking for potential female and male models who are looking to build a professional portfolio and build their name! I am a local photographer who has done modeling in the past and has connections in the industry. I am now starting my very own private public relations and model development firm here in Boise and am looking for local talent!

This is not a Webcam or "looking for a sexy girl to do a private nude shoot" add. I am looking for real people who want to go somewhere in the industry. Not looking for shallow or flaky people only serious people need apply. This is not an agency where we sign you and let you sit around. You will be working on your portfolio going to shoots on location and in studio. And potential travel expenses will be covered.

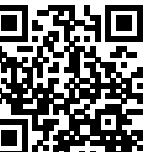

Pricing for my specific service vary depending on individual model potential and services offered. We are not a modeling agency or scouting agency. We specialize in model development and placement with top agency's in New York,Miami and California.

My services include social media marketing, portfolio development (providing you Professional photography services to build a high end fashion and comercial portfolio) And representation between top modeling agencies and representation on our website for scouting purposes.

males must be 5'10+ in shape
females 5'5+

Please apply to the email in the contact link with photos of yourself (no nude or explicit content please) bikini for females and underwear for men. Tile for the email should read "IMNEXT" If we are interested you will be contacted withing 48 hours from our official email address with information about what we can do for you.

Must be+
