For sale I have a 2004 Ford Expedition Eddie Bauer 5.4L 4WD with 121,000 miles. It is a great vehicle that has no issues. I am not the original owner, but I have owned it for two and a half years and have put 31,000 miles on it. It is a pleasure to drive and is my daily driver. I have all records of the service I have done to it. It has brand new Good Year AT/S tires with about 2,500 miles on them. It has navigation, DVD, heated/cooled front seats, power folding third row, sunroof, traction control, reverse sensors, etc. \$8,900 or best offer. You can contact me by email. Thanks for.
